

Dentsply Sirona – The Dental Solutions Company™

Dentsply Sirona is the world's largest manufacturer of professional dental products and technologies, combining leading platforms spanning consumables, equipment, technology, and specialty products. The Company was created in 2016 when DENTSPLY International and Sirona Dental Systems merged to form Dentsply Sirona. From their separate early beginnings more than 100 years ago through the transformative merger of two storied dental companies, Dentsply Sirona together sets a global standard for dental manufacturing, technology development and digital treatment.

The Company develops, manufactures and markets comprehensive end-to-end solutions offering many dental and oral health products, including general dental supplies and devices, CAD/CAM restoration systems (CEREC and inLab), a full suite of dental restorative products, digital intra-oral, panoramic and 3D imaging systems, dental treatment centers, hand pieces, hygiene systems, and dental specialty products in orthodontics, endodontics and implants. Additionally, its global consumable healthcare product team provides innovative urological and surgical solutions designed to improve the quality of life for patients. Dentsply Sirona is proud to be a preferred partner for dental practices, clinics, dental laboratories and authorized distributors worldwide.

A commitment to innovation and education is at the heart of Dentsply Sirona. The Company employs more than 600 engineers and scientists, continuously funds more than 50 clinical studies on an ongoing basis and develops more than 30 significant new products annually. Embracing education not only in word, but also in action, Dentsply Sirona trains more than 300,000 clinicians each year in the broadest clinical education platform in the industry, focusing on fostering learning environments that promote clinical success and clinician professional development. Combined, the Company has invested over \$600 million in R&D over the past six years. The pace of innovation will continue as Dentsply Sirona's combined clinical education and R&D programs will be closely aligned. The Company's significant recent innovations reshaping dentistry include:

Dentsply Sirona employs approximately 15,000 dedicated employees with operations in more than 40 countries worldwide. With a sales presence in more than 120 countries, Dentsply Sirona delivers dental and healthcare solutions for better, safer and faster dentistry to patients and practitioners virtually everywhere in the world. The Company's Global Headquarters is located in York, Pennsylvania, and its International Headquarters is based in Salzburg, Austria. Dentsply Sirona's shares are listed in the United States on NASDAQ under the symbol XRAY. In the 12 months ended December 31, 2016, the combined company had a revenue of \$3,74 billion.
